**CIRCULAR**  
**Sub: Registration for Open Electives – VI Semester (2022 Scheme)**

The students of V Semester are hereby informed that the registrations for Open Elective courses of VI Semester BE will be given in a phased manner in IONCUDOS. The schedule for registration of the Open Electives is as follows:

| Sl. No. | Dept. curriculum                             | Subject Name                          | Subject Code | Maximum limit | Date       | Time                   | Remarks                                             |
|---------|----------------------------------------------|---------------------------------------|--------------|---------------|------------|------------------------|-----------------------------------------------------|
| 1       | CSE (AI&ML)<br>BE in CSE(AI&ML)<br>2022-2026 | Introduction to Business Intelligence | BCIBI655     | 60            | 12.01.2025 | 9.00 AM TO 9.30 AM     | Open to all, except CSE/ISE and CSE(AI&ML) students |
| 2       | CV<br>BE in CV<br>2022-2026                  | Occupational Safety and Health        | BCEOH655     | 60            |            | 9.30 AM TO 10.00 AM    | Open to all, except CV students                     |
| 3       | ME<br>BE in ME<br>2022-2026                  | Automation and Robotics               | BMEAR655     | 60            |            | 10.00 AM TO 10.30 AM   | Open to all, except ME and EC students              |
| 4       |                                              | Mechatronics                          | BMEMT655     | 60            |            | 10.30 AM TO 11.00 AM   | Open to all, except ME and EC students              |
| 5       |                                              | Supply Chain Management               | BMESM655     | 60            |            | 11.00 AM TO 11.30 AM   | Open to all, except ME students                     |
| 6       |                                              | Safety Engineering                    | BMESE655     | 60            |            | 11.30 AM TO 12.00 NOON | Open to all, except ME students                     |
| 7       | CSE<br>BE in CSE<br>2022-2026                | Human Resource Management             | BMEHR655     | 60            |            | 12.00 NOON TO 12.30 PM | Open to all except ME students                      |
| 8       |                                              | Advanced Numerical Methods            | BMANT655     | 240           |            | 12.30 PM TO 1.00 PM    | Open to all                                         |
| 9       |                                              | Probability & Statistics              | BMAPS655     | 120           |            | 1.00 PM TO 1.30 PM     | Open to all                                         |
| 10      | CV<br>BE in CV<br>2022-2026                  | Mathematical Modeling and Simulation  | BMAMM655     | 60            |            | 1.30 PM TO 2.00 PM     | Open to all                                         |
| 11      |                                              | Structural Health Monitoring          | BCESH655     | 60            |            | 2.00 PM TO 2.30 PM     | Open to all, except CV students                     |

|    |                               |                                                |          |     |            |                    |                                                     |
|----|-------------------------------|------------------------------------------------|----------|-----|------------|--------------------|-----------------------------------------------------|
| 12 | ISE                           | Fundamentals of Cloud Computing                | BISCC655 | 60  | 12.01.2025 | 2.30 PM TO 3.00 PM | Open to all, except CSE/ISE and CSE(AI&ML) students |
| 13 | BE in ISE<br>2022-2026        | Introduction to Full Stack Development         | BISFS655 | 60  |            | 3.00 PM to 3.30 PM | Open to all, except CSE/ISE and CSE(AI&ML) students |
| 14 |                               | Introduction to Operating System               | BISOS655 | 60  |            | 3.30 PM to 4.00 PM | Open to all, except CSE/ISE and CSE(AI&ML) students |
| 15 | EEE<br>BE in EEE<br>2022-2026 | Electric and Hybrid Electric Vehicles          | BEEEH655 | 60  |            | 4.00 PM to 4.30 PM | Open to all, except EEE students                    |
| 16 |                               | Fundamentals of Programmable Logic Controllers | BEEPL655 | 60  |            | 4.30 PM to 5.00 PM | Open to all, except EEE students                    |
| 17 | CSE<br>BE in CSE<br>2022-2026 | Introduction to Machine Learning               | BCSML655 | 180 |            | 5.00 PM to 5.30 PM | Open to all, except IT branches and EC students     |
| 18 | ECE                           | Automotive Electronics                         | BECME655 | 60  |            | 5.30 PM to 6.00 PM | Open to all, except EC students                     |
| 19 | BE in ECE<br>2022-2026        | Wireless sensor networks                       | BECWS655 | 60  |            | 6.00 PM to 6.30 PM | Open to all, except EC students                     |
| 20 |                               | Multimedia Communications                      | BECMC655 | 60  |            | 6.30 PM to 7.00 PM | Open to all, except EC students                     |

Note: 1. The syllabus of the Open Electives can be viewed in Scheme and Syllabus tab of Autonomous in College Website.

2. The minimum number of students to offer an elective course is 20.

Dr. SHOBHA SHANKAR  
Vice Principal & DAA

Dr. B. SADASHIVE GOWDA  
Principal

CC to : 1. All HODs-for circulation amongst the faculty members and concerned students.  
2. Deans and COE – for information.
